

Światowid - your community center

Welcome to Biskupin district

We are a municipal cultural institution localised on Wielka Wyspa - an oasis of greenery in Wrocław. For many years we have functioned in Biskupin district, continuing the work of District Community Center Śródmieście and Community Center Światowid.

All sides of culture

We specialise in artistic workshops. We lead circa 20 sections and studios, offering afternoon pastimes for children, youth and adults in areas: theatre, music, art, dance, hobby and relaxation. We also develop a profile of impresario activities, promoting amateur and professional art. Our Pastimes Area -> [HERE](#)
